Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating, restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a priceless aid to prepare the system for baby's coming and rendering the ordeal comparatively painless. It can do no harm in any state, or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging-down distress, low-down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see, longings for special floating before eyes, have disagreeable, pelvic catarrhal drain, prolapsus, anteversion or retroversion or other displacements of womanly organs from weakness of parts will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully and persistently Dr. Pierce's Favorite Prescription.

This world-famous specific for woman's weaknesses and peculiar ailments is a pure glyceric extract of the choicest native medicinal roots without a drop of alcohol in its make-up. All its ingredients are printed in plain English on its bottle wrapper and attested under oath. Dr. Pierce thus invites the fullest investigation of his formula knowing that it will be found to contain only the best agents known to the most advanced medical science of all the different schools of practice for the cure of woman's peculiar weaknesses and ailments.

If you want to know more about the composition and professional endorsement of the "Favorite Prescription," send postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his free booklet treating of same. You can't afford to accept as a substitute for this remedy of known composition a secret nostrum of unknown composition. Don't do it.

THREE-MILLION-DOLLAR BABY.

A three-million-dollar baby has been born in the home of Mr. and Mrs. Samuel K. Martin, in Chicago, and with its advent eight other children lost their interest in a little more than three million dollars' worth of property. The baby is the ninth to become heir to the estate of the late Otto Young, valued at \$25,000,000. The property which he left, according to the terms of the will, is to be divided between his grandchildren. The income is divided between his widow and four daughters, but the principal is to be left intact for distribution among the second generation. The new Martin baby is the first young grandchild to be born into its rights since the death of Mr. Young.

Do not Crowd the Season.

The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed up all winter are brought out, and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale by W. F. Creighton and Richard Gibson.

UNIVERSITY OF VIRGINIA.

The establishment last year of the University of Virginia summer school meant much to the advanced teachers in Virginia who were working for professional improvement or for credit toward some degree.

Prior to that time they were compelled to go to some other school of the kind outside the State at much greater cost in tuition, traveling and living expenses than at the University of Virginia, while the latter offered to them a course of study equal to any of those referred to.

The course this year will be enlarged and modified somewhat in order to meet every demand of the High School requirements and the professional course of study.

The attendance last year was very gratifying for the first year, but the prospects are that the number this year will far exceed last year's enrollment.

The school of methods for elementary teachers will be held in connection with the University school as usual.

The session this year will begin June 18th, and close July 31st.

Kennedy's Laxative Cough Syrup

agently yet promptly on the bowels and allays inflammation at the same time. It is pleasant to take. Sold by W. F. Creighton & Co.

FORMER EMPLOYEES TO SUE.

Suit against the Pennsylvania Railroad to recover money paid into the voluntary relief fund, the insurance benefit order of the railroad, will probably be filed in Altoona, Pa., by the 2,140 shop employees laid off Monday. It is estimated the claims of the discharged men for ten years aggregate \$264,000, and efforts are expected to recover this money.

PROFESSORS RESIGN.

Charles Z. Rubin, professor of sociology of Chicago University, who has been called "the most spectacular man on the faculty" and Prof. Frank Frost Abbott have tendered their resignations and will become faculty members of eastern institutions. Prof. Abbott, who gives up the chair of Latin, will go to Princeton University. Prof. Zuehlke, it is said, will take a position in an institution in Boston. The trustees have not as yet acted on the resignations.

Kodol is a scientific preparation of vegetable acids with natural digestants and contains the same "juices" found in a healthy stomach. Each dose will digest more than 3,000 grains of good food. Sold by W. F. Creighton & Co.

FRANCHISE AMENDED.

After a fight that has extended through the administration of Mayor Dunne, the Chicago City Council, after a fight lasting until early Tuesday, voted an amended franchise to the Commonwealth Edison Company. The new franchise, its enemies declare, gives the company a virtual monopoly in furnishing electricity for light and power, giving it the right to discriminate in its rates for service furnished and to charge whatever it pleases for emergency service. For the franchise the city is to be paid three per cent. of the gross receipts of the concern. In turn it will pay \$75 each year for each are light furnished.

Can you believe your senses?

When two of them, taste and smell, having been injured if not utterly destroyed, by Nosal Catarrh, are fully restored by Ely's Cream Balm, can you doubt that this remedy deserves all that has been said of it by the thousands who have used it? It is applied directly to the affected sin-passage and begins its healing work at once. Why not get it today? All druggists or mailed by Ely Brothers, 56 Warren Street, New York, on receipt of 50 cents.
